Pennsylvania.

Academy of natural sciences of Philadelphia. Philadelphia.
Proceedings. VIII—LXXX. 1856—1928.
*Journal. (N. S.) I, 1, 3, 4; II, 1—4; III, 2—4; IV—XVI. 1847—1918.
Annual reports for the years 1920—1922.
Year books for the years 1923—1928. 1924—29.
Special Publications.

1. The Mineralogy of Pennsylvania by **S. G. Gordon.** 1922.
2. Crystallographic tables for the determination of minerals by **V. Goldschmidt** and **S. G. Gordon.** 1928.

Second Geological Survey of Pennsylvania. Harrisburg.

1. Miscellaneous Reports.

A. A history of the First Geological Survey of Pennsylvania from 1856 to 1858, by **J. P. Lesley.** With the annual reports of the Boards to the Legislature for 1874 and 75. 1876.

B. Report on the Minerals of Pennsylvania, by **F. A. Genth;** and on the hydrocarbon compounds, by **S. P. Sadtler.** With a reference map of the State. 1875.

M. Report of Chemical Analyses in 1874—75, in the Laboratory at Harrisburg, by **A. S. McCreath.** 1875.

M 2. Report of Chemical Analyses in 1876—78, by **A. S. McCreath**; Classification of coals, by **P. Frazer;** Fire-brick tests, by **F. Platt**; Dolomitic limestone beds, by **J. P. Lesley**; Utilization of anthracite slack, by **F. Platt;** Determination of Carbon in iron or steel, by **A. S. McCreath.** 1879.

M 3. Report of Chemical Analyses in 1879—80, by **A. S. McCreath.** Whit a reference map of 93 iron ore mines in the Cumberland valley. 1881.

N. Report on the Levels above tide of railroad, canal and turnpike stations, mountains tops etc., in and around Pennsylvania, in 200 tables, by **C. Allen.** 1878.

O. Catalogue of specimens collected by the survey (No. 1 to No. 4264) by **C. E. Hall.** 1878.

O 2. Catalogue (continued from No. 4265 to No. 8974): also catalogue of fossils. 1880.

O 3. Catalogue of the Geological Museum. Part III. 1889.

P. Report on the Coal Flora of Pennsylvania and the United States, Vols. 1 and 2 (bound together), by **L. Lesquereux.** 1880.

P. Report on the Coal Flora of Pennsylvania and the United States, Vol. 3, 1884.

(P.) Atlas to accompany P. Vols. 1 and 2. 1879.

P. 2. Report on Permo-Carboniferous plants from West Virginia, and Greene county, Pensylvania, by **W. M. Fontaine** and **J. C. White.** 1880.

P. 3. Description of Ceratiocaridae, by **C. E. Beecher;** and of Eurypteridae, by **James Hall.** 1884.

P. 4. A Dictionary of the Fossils of Pennsylvania and neighboring States. Vol. I—III. 1890.

Z. Report on the Terminal Moraine across Pennsylvania, by **H. C. Lewis;** including extracts from descriptions of the Moraine in New Jersey by **G. H. Cook,** and in Ohio, Kentucky and Indiana, by **G. F. Wright.** 1884.

2. Anthracite Region.

A 2. Report on the causes, kinds and amount of waste in mining anthracite, by **F. Platt;** with a chapter on methods of mining, by **J. P. Wetherill.** 1881.

AC. Report on Mining Methods, etc., in the anthracite coal fields, by **H. M. Chance.** 1883.

AC. Atlas containing 25 plates illustrating coal mining, to accompany Report Ac, by **H. M. Chance.** 1883.

AA. First report of progress of the anthracite Survey; Panther Creek basin, by **C. A. Ashburner;** with a determination of the latitude and longitude of Wilkes Barre and Postville, by **C. L. Doolittle;** and a theory of stadia measurements, by **A. Winslow.** 1883.

AA. Second report of progress in the anthracite coal region, Part I. Statistics of production and shipment for 1883 and 1884. **Charles A. Ashburner.** Illustrated by a general map of the anthracite coal fields. 1885.

(AA.) Atlas of Southern anthracite field, Part I, containing 13 sheets: 3 mine sheets, 3 cross section sheets, 3 columnar section sheets, 1 topographical map sheet,

and 1 coal bed area sheet, relating to the Panther Creek basin; 1 general map of the anthracite region, and 1 chart of anthracite production from 1820 to 1881. 1882.

(AA.) Atlas of Western Middle anthracite field, Part I, containing 11 sheets: 5 mine sheets between Delano and Locust Dale, 3 topographical sheets between Quakake Junction and Mount Carmel, and 4 cross section sheets. 1884.

(AA.) Atlas of Northern anthracite field, Part I, containing 6 mine sheets between Wilkes Barre and Nanticoke, 3 cross section sheets, and 4 columnar section sheets. 1884.

(AA.) Grand Atlas, Div. II, Pt. I, 1884, port-folio (26"×32"). Anthracite coal fields. Div. II, Pt. II. 1885. port-fol. Anthracite coal fields.

3. Bituminous coal fields and surrounding areas.

H. First report on Clearfield and Jefferson counties, by **F. Platt.** 1875.

H 2. Report on Cambria county, by **F. & W. G. Platt.** 1887.

H 3. Report on Somerset county, by **F. & W. G. Platt.** 1877.

H 4. Report on Indiana county, by **G. W. Platt.** 1878.

H 5. Report on Armstrong county, by **W. G. Platt.** 1880.

H 6. Second report on Jefferson county (See H above), by **W. G. Platt.** 1881.

H 7. Second report on Clearfield county (see H above), by **H. M. Chance.** 1884.

I. Report on Venango county, by **J. F. Carll.** The geology around Warren, by **F. A. Randall.** Notes on the comparative geology of N. E. O., N. W. Pa and W. N. Y., by **J. P. Lesley.** 1875.

I 2. Report of oil well records and levels in Venango, Warren, Crawford, Clarion, Armstrong, Butler etc., by **J. F. Carll.** 1877.

I 3. Report on the Venango, Warren, Clarion, and Butler oil regions; descriptions of rig, tools, etc., survey of the Garland and Panama conglomerates, etc.: discussion of preglacial and post glacial drainage; by **J. F. Carll.** 1880.

(I 3.) Atlas of 22 sheets. Map of Venango country, colored geologically; map of lower oil field (Butler, Armstrong and Clarion) in 2 sheets; 3 local contour maps at Franklin, Titusville, and Spring creek; two maps of N. W. Pennsylvania showing the past and present drainage; long section across W. Pennsylvania; vertical section of the formations from the Upper Coal Measures down to the bottom of the Devonian; diagram map and section of Third sand; profile section from Meadville, S. W.; 5 sheets of grouped oil well sections; 5 sheets of working drawings for well boring, etc., diagram of daily rate of drilling six wells at Petrolia.

I 4. Report on Warren county, by **J. F. Carll.** With a colored geological county map, a map of the Warren oil region, and 2 sheets of oil well sections. 1883.

J. Report on the Oil Region, by **H. Wrigley;** map and profile of line of levels through Butler, Armstrong, and Clarion, by **D. J. Lucas;** map and profile of Slippery Rock creek, by **J. P. Lesley.** 1875.

K. Report on Greene and Washington counties, by **J. J. Stevenson.** 1876.

K 2. First report on Fayette, Westmoreland, and S. E. Alleghany countys by **J. J. Stevenson.** 1878.

K 3. Second report on Fayette and Westmoreland counties, (the Ligonier valley) by **E. E. Stevenson.** 1878.

K 4. Report on the Monongahela river coal mines, from the West Virgina State line to Pittsburg (including some on the Youghiogheny and other streams), by **J. Sutton Wall.** 1884.

L. Report on the Youghiogheny coke manufacture, by **F. Platt.** Notes on the coal and iron ore beds, by **C. A. Young.** Report on methods of coking, by **J. Fulton.** Report on the use of natural gas in the iron manufacture, by **J. B. Pearse and F. Platt.** The Boyd's hill gas well at Pittsburg, by **J. P. Lesley.** 1876.

Q. Report on Beaver, N. W. Alleghany, and S. Butler counties, by **I. C. White.** 1878.

Q 2. Report on Lawrence county, and special Report on Correlation of the Pennsylvania and Ohio coal beds, by **I. C. White.** 1879.

Q. 3. Report on Mercer county, by **I. C. White.** 1880.
Q. 4. Report on Crawford and Erie counties, by **I. C. White.** Also, a Report on a preglacial outlet for Lake Erie, by **J. W. Spencer.** 1881.
R. Report on McKean county, and its geological connections with Cameron, Elk, and Forest counties, by **C. A. Ashburner.** 1880.
(R.) Atlas for McKean county of 8 sheets: — Colored geological county map; three topographical maps; of Buffalo Coal Company tract, Alton coal basin, and Potato Creek coal basin, map of McKean oil district; one sheet of columnar sections between Bradford and Ridgway; and 2 diagram sheets of the well account in the Bradford district.
R 2. Report on Cameron. Elk und Forest counties, by **C. A. Ashburner.**
(R 2.) Atlas for Cameron, Elk and Forest counties, of 11 sheets: — 3 colored geological county maps; 1 anticlinal and synclinal map; 1 topographical map McKean county; 2 tract maps Forest and Elk counties; 1 map Straight Creek coal basin; 2 sheets oil well sections; and 1 sheet coal sections.
V. Report on N. Butler county; and (Part 2) special report on the Beaver and Shenango river coal measures, by **H. M. Chance.** 1879.
V 2. Report on Clarion county, by **H. M. Chance.** 1880.
Grand Atlas, Div. III, Pt. I 1885 port-fol. Petroleum and bituminous coal fields

4. North-Eastern and Middle Pennsylvania. (Palaeozoic formations from the Coal down.)

D. First report on Lehigh county iron mines, by **F. Prime.**. 1875.
D 2. Second report on Lehigh county iron mines, by **F. Prime.** 1878.
D 3. Vol. I. Report on Lehigh and Northampton counties. Introduction, by **J. P. Lesley,** Slate belt, by **R. A. Saunders;** Limestone belt and iron mines, by **F. Prime;** South mountain rocks, by **F. Prime** and **C. E. Hall.** 1883.
D 3. Vol. II, part I. Report on Berks county, South(Mountain belt) by **E. V. D'Invilliers.** 1883.
(D 3.) Atlas: One colored geological map of Lehigh and Northampton counties, (one sheet); one colored geological contour line map of Southern Northampton county, (six sheets); a contour line map of the mountains from the Delaware to the Schuylkill, (eighteen sheets); a colored geological contour line index map to the 22 sheets, (one sheet); and 4 sheets of maps of Iron mines.
D 5. Atlas of colored geological county maps of Cumberland, Franklin, and Adams, (three sheets); and first instalment of contour line map of the South mountains, Sheets A 1, A 2, B 1, B 2, (four sheets) by **A. E. Lehmann.**
F. Report on the Juniata river district in Mifflin, Snyder and Huntingdon counties, by **J. H. Dewees;** and on the Aughwick valley and East Broad Top region in Huntingdon county, by **C. A. Ashburner.** With colored geological maps of East Broad Top R. R. and Orbisonia vicinity (2 sheets); Three Springs map and section (2 sheets); Sideling Hill creek map and section (2 sheets) and Isometric projection at Three Springs (1 sheet); 1878.
F 2. Report on Perry county (Part. I, geology,) by **E. W. Claypole.** 1884.
F 3. Report on the Geology of the four counties Union, Snyder, Mifflin and Juniata. 1891.
G. Report on Bradford and Tioga counties, by **A. Sherwood;** Report on their coal fields (including forks of Pine creek in Potter county), by **F. Platt;** Report on the coking of bituminous coal, by **J. Fulton.** (See L above.) 1878.
G 2. Report on Lycoming and Sullivan counties: field notes by **A. Sherwood;** coal basins by **F. Platt.** 1880.
G 3. Report on Potter county, by **A. Sherwood.** Report on its coal fields, by **F. Platt.** 1880.
G 4. Report on Clinton county, by **H. M. Chance;** including a description of the Renovo coal basin, by **C. A. Ashburner;** and notes on the Tangascootac coal basin, by **F. Platt.** 1880.
G 5. Report on Susquehanna and Wayne counties, by **I. C. White.** 1881.

G 6. Report on Pike and Monroe counties, by **I. C. White.** Report on the Delaware and Lehigh water gaps, by **H. M. Chance.** 1882.
G 7. Report on Wyoming, Lackawanna, Luzerne, Columbia, Montour, and Northumberland counties, (i. e. the parts lying outside of the anthracite coal fields), by **I. C. White.** 1883.
T. Report on Blair County, by **F. Platt.** 1881.
(T.) Atlas of colored geological contour line map of Morrison's cove, Canoe valley, Sinking valley, and country west to the Cambria county line, (14 sheets); Index map of the same (1 sheet); colored sections, (2 sheets.) 1881.
T 2. Report on Bedford and Fulton counties, by **J. J. Stevenson.** 1882.
T 3. Report on Huntingdon county, by **I. C. White.** 1885.
T 4. Report on Centre county, by **E. V. D'Invilliers;** also, special report by **A. L. Ewing;** and extracts from report to Lyon, Shorb & Co., by **J. P. Lesley.** 1884.

5. South-Eastern Pennsylvania.

C. Report on York and Adams counties, by **P. Frazer.** 1876.
C 2. Report on York and Adams counties, (South Mountain rocks, iron ores, etc.), by **P. Frazer.** 1877.
C 3. Report on Lancaster county by **P. Frazer.** 1880.
(C 3.) Atlas of 13 sheets: Colored geological map of York county; colored geological map of Lancaster county; Susquehanna river section (Sheets 1, 1A, 2, 2A, 3, 4); Lancaster section; Pequea section; Muddy run section; Chestnut-hill mines; Gap nickel mine.
C 4. Report on Chester county; General description, by **J. P. Lesley;** Field notes in the townships, by **P. Frazer.** 1883.
C 5. Report on Delaware county, by **C. E. Hall.** 1885.
C 6. Report on Philadelphia and the southern parts of Montgomery and Bucks counties, by **C. E. Hall.** 1882.
E. Part I of (historical introduction to) a report on the Azoic rocks, by **T. S. Hunt.** 1878.
X. A geological hand atlas of the 67 counties of Pennsylvania embodying the results of the fields work of the survey from 1874 to 1884, by **J. P. Lesley.** 1885.
Grand Atlas Div. IV, Pt I 1885 port-fol. south mountain and great valley, topographical maps.
Grand Atlas Div. V, Pt I, 1885 port-fol. Central and south eastern Pennsylvania.
Annual report for 1885 mit Atlas. 1886.
Annual report on the Pittsburgh coal region by **E. V. d'Invilliers.** Part. I for 1886. 1887.
Annual report on the Oil and Gas regions by **John F. Carll.** Part. II for 1886. 1887.
Annual report on the Anthracite region by **Frank A. Hill.** Part. III for 1886. 1887.
Atlas annual report 1886 Part. III—IV. 1887.
Annual reports. The Lehigh river section; the Lehigh point ore mines; iron ore mines and limestone quarries; serpentine ranges. Part. IV for 1886. 1887.
Annual report for 1887. 1. Cave fossils, 2. Fossil tracks in the trias, 3. New Boston basin, 4. State line serpentine. 1889.

Geognostische Wandcharte von Deutschland und den angrenzenden Ländern von **Daniel Völter.** Mit Erläuterungen. Eßlingen 1842.

Geognostische Übersichtskarte von Deutschland, der Schweiz und den angrenzenden Länderteilen, 1 : 1 000 000, von **Heinrich Bach.** Mit einem Heft Begleitworte. Gotha 1855.

Geologische Übersichtskarte von Württemberg und Baden, dem Elsaß, der Pfalz und den weiterhin angrenzenden Gebieten. 1 : 600 000. Dazu 1 Heft Erläuterungen. 8. Aufl. 1911. 9. Aufl. 1913.

Übersichtskarte der saxonischen Gebirgsbildung zwischen Vogelsberg, Rhön und der norddeutschen Tiefebene von **H. Stille.** 1 : 250 000. Berlin 1922.

Karte der nutzbaren Lagerstätten Deutschlands. 1 : 200 000. Berlin.
Lfg. I. Bl. Wesel, Münster, Düsseldorf, Arnsberg, Cöln, Siegen, Cochem, Koblenz. 1907.
Lfg. II. Bl. Bentheim, Osnabrück, Trier, Mainz, Saarbrücken. 1908.

Übersichtskarte der deutschen nutzbaren Kalkstein-Vorkommen, bearbeitet im Auftrag der Preuß. Geologischen Landesanstalt durch **H. Hess von Wichdorff.** Berlin 1921.

Übersichtskarte der deutschen Kalisalz- und Erdölvorkommen von **E. Fulda.** 1 : 450 000. Berlin 1924.

Übersichtskarte der Torfmoore Deutschlands. Herausgegeben von der Preuß. Geologischen Landesanstalt. Bearbeitet von **O. Kämmerer,** für den bayrischen Teil von **Harttung.** 1 : 800 000. Berlin.

Post- und Eisenbahn-Karte des Deutschen Reiches in 20 Blättern, bearbeitet im Kursbureau des Reichs-Postamts. 1 : 450 000. 3. Aufl. Berlin 1907—10.

Preußen, Thüringen usw.

Saarbrücken.

Karte von dem Steinkohlen-Bergbau bei Saarbrücken, 1 : 40 000, von **J. Noeggerath.** Mit 1 Blatt Profile.

Flötzkarte des Saarbrücker Steinkohlendistrictes. 1 : 40 000. Mit 1 Heft Erläuterungen. Gotha 1865.

Rheinprovinz.

Darstellung der geognostischen Verhältnisse der Städte Aachen und Burtscheid nach den Beobachtungen des Herrn **Ig. Beissel** entworfen von **Siedamgrotzky.** 1875.

Höhenschichtenkarte der Eifel von **Herm. Rauff.** 1 : 200 000. Bonn.

Geologische Übersichtskarte der Rheinprovinz und der Provinz Westfalen von **H. von Dechen.** 1 : 500 000. 1. Ausgabe Berlin 1866. 2. Ausgabe Berlin 1883.

Hessen.

Geognostische Karte von Kurhessen und den angrenzenden Ländern zwischen Taunus, Harz- und Wesergebirge, gezeichnet von **Adolf Schwarzenberg** und **Heinrich Reusse.** 1 : 400 000. Mit einem Begleitwort. Gotha 1854.

Geologische Karte des Mainzer Beckens von **G. Richard Lepsius.** 1 : 100 000. Darmstadt 1882.

Geologische Karte der Rheinprovinz und Westfalens. 1 : 80 000. Sektion Waldeck-Cassel.

Westfalen u. Hannover.

Bergwerks- und Hüttenkarte des westfälischen Oberbergamts-Bezirkes. 5. Aufl. 1 : 120 000. Essen 1867.

Flötzkarte des Ruhrkohlenbeckens von **Runge u. a.** 1 : 50 000. Hierzu 1 Bl. Querprofile und 1 Bl. Längenprofile von **F. Hünnebeck.** Dortmund 1888.

Tiefbohrkarte des Rheinisch-Westfälischen Steinkohlenbeckens. Herausgegeben von der Preuß. Geologischen Landesanstalt. 1 : 100 000. Bearbeitet von **R. Bärtling.** Bl. Dortmund, Soest, Warendorf, Münster i. W. mit je einem Verzeichnis der Bohrungen.

Geologische Übersichtskarte des nördlichen Sauerlandes und Bergischen Landes, bearbeitet von **A. Fuchs.** 1 : 100 000. Berlin 1928.

Geognostische Karte der Umgegend von Hannover von **Heinrich Credner.** Hannover 1865.

Geognostische Spezialkarte der Grafschaft Schaumburg. 1 : 50 000. von **Wiegrebe, W. Duncker, Franke, Raabe,** u. **Moesta.** 1867. Bl. Nenndorf u. Bl. Rinteln-Oldendorf.

Harz.

Geologische Übersichtskarte der Umgegend von Goslar und Clausthal. 1 : 100 000.

Geologische Karte der Gegend zwischen Laubhütte, Clausthal, Altenau, dem Bruchberge und Osterode, 1 : 25 000, von **Wilh. Langsdorff.** Clausthal 1884.

Geologische Karte des Westharzes, 1 : 25 000, von **W. Langsdorff.** Clausthal 1884.

Geognostische Karte des Oberharzer Diabaszuges zwischen Osterode und dem Polsterberg, aufgenommen von **M. Koch.** 1 : 25 000.

Geologische Karte des Okertales von Romker-Halle bis Oker. Von **A. Halfar u. M. Koch.** 1 : 25 000.

Geognostische Karte vom nordwestlichen Harzgebirge von **C. Prediger,** 1 : 50 000. 1851.

Geognostische Übersichtskarte des Harzgebirges von **K. A. Lossen.** 1 : 100 000. Berlin.

Höhenschichtenkarte des Harzgebirges von **K. A. Lossen.** 1 : 100 000. Berlin.

Thüringen.

Geognostische Karte des Thüringer Waldes von **H. Credner.** 2. Aufl. Gotha 1854.

Geognostische Übersichtskarte des Thüringer Waldes von **F. Beyschlag.** 1 : 100 000. Berlin 1897.

Geologische Umgebungskarte von Weimar von **Paul Michael.** 1 : 25 000. Berlin 1928.

Schlesien.

Geognostische Karte der Königl. Preuß. Oberlausitz von **E. F. Glocker.** 1 : 200 000. Görlitz 1857.

Karte von den land- und forstwirtschaftlichen Bodenklassen der Königl. Preuß. Oberlausitz. 1 : 200 000. Görlitz.

Flötzkarte des Niederschlesischen Steinkohlenbeckens. 1876. 1 : 16 000.

1. Abt. Waldenburg. Bl. 1—16.
2. Abt. Neurode. Bl. 16—21.

Geognostische Karte von Oberschlesien von **R. v. Carnall.** 1 : 200 000. 2. Aufl. Berlin 1857.

Karte von den Erzlagerstätten des Oberschlesisch-polnischen Muschelkalks von **C. Hörold.** 1 : 50 000. Breslau.

Geognostische und Bergbau-Karte des Oberschlesisch-polnischen Steinkohlenbeckens von **M. Lempicki.** 1 : 50 000. 1891.

Erläuterungen zu der geognostischen Karte vom Niederschlesischen Gebirge und den umliegenden Gegenden von **Justus Roth.** Berlin 1867.

Kgl. Oberbergamt zu Breslau. — Spezialkarte der Oberschlesischen Bergreviere. 1 : 50 000. Breslau.

Sect. Rybnik—Loslau—Sohrau.
„ Tost—Peiskretscham—Laband.
„ Zabrze—Königshütte—Kattowitz—Nicolai.
„ Tarnowitz—Beuthen.
„ Pless.
„ Gleiwitz.
Netz dazu 1 : 200 000.

Übersichtskarte von den neueren Aufschüssen in Oberschlesien 1 : 100 000; nebst 4 Tafeln Profilen 1 : 20 000.

Der oberschlesisch-polnische Bergdistrikt, mit Hinweglassung des Diluviums, im Anschluß an die von Ferd. Roemer u. a. ausgeführte geognostische Karte von Oberschlesien, bearbeitet und dargestellt von **O. Degenhardt.** 1 : 100 000. Berlin.

Geologische Übersichtskarte des Oberschlesischen Steinkohlenreviers und seiner Nachbargebiete von **R. Michael.** 1 : 200 000. Kattowitz.

Übersichtskarte der Besitzverhältnisse im Oberschlesischen Steinkohlenbecken von **R. Michael.** 1 : 200 000 mit 1 Heft Erläuterungen. Kattowitz 1909, 2. Aufl. 1913.

Norddeutschland.

Charte der Insel Helgoland mit ihren Klippen aufgenommen 1844—45. Von **K. Wiebel.** 1 : 15 000.

Küsten-Charte der Insel Helgoland. 1 : 3000. 1844—45.

Geologische Übersichtskarte der Provinz Schleswig-Holstein von **Dr. L. Meyn.** 1 : 300 000. Herausgegeben von der Preuß. Geol. Landesanstalt Berlin 1881.

Geologische Karte der Insel Sylt und ihrer nächsten Umgebungen, geologisch bearbeitet durch **L. Meyn.** 1 : 100 000. Berlin 1876.

Spezialkarte der Insel Rügen von **Fr. von Hagenow.** 1829.

Grundriß von Greifswald und den Vorstädten, entworfen von **F. von Hagenow.** Greifswald 1842.

Das Weichseldelta von A. **Jentzsch.** 1 : 466 000. Königsberg i. Pr. 1880.

Große Landtafel von Preußen in 9 Blättern von **Caspar Henneberger** (Erste Ausgabe vom Jahre 1576). Von neuem in der Größe des Originals herausgegeben durch die Kgl. phys.-ökon. Ges. zu Königsberg i. Pr. 1863.

Höhenschichtenkarte (von Ost- und Westpreußen) der Provinz Preußen von **A. Jentzsch.** 1 : 1 850 000 mit kurzen Begleitworten. Königsberg i. Pr. 1891.

Höhenschichtenkarte Ost- und Westpreußens. 1 : 300 000 von **A. Jentzsch** und **G. Vogel.** Königsberg i. Pr. 1889. Bl. Bromberg—Marienwerder.

Übersichtskarte der Braunkohlenvorkommen Ostdeutschlands, bearbeitet durch **C. Hoffmann.** 1 : 500 000. Bl. 1—6. Berlin 1913.

Die Baugrundkarte des Danziger Stadtgebietes von **E. Moldenhauer.**
Aus: Schriften Naturf. Ges. Danzig (N. F.). XVII. Danzig 1926.

Karte vom preußischen Staate mit besonderer Berücksichtigung der Communicationen, bearbeitet vom Technischen Eisenbahn-Bureau des Ministeriums. 1 : 600 000. 4. Aufl. Berlin 1867.

Preußische Geologische Landesanstalt. Berlin.

Geologische Karte von Preußen und benachbarten deutschen Ländern im Maßstabe von 1 : 25 000.

Karten-Verzeichnis nach Lieferungen geordnet.

Die mit † bezeichneten Veröffentlichungen beziehen sich auf das Tiefland, alle übrigen auf das Gebirgsland.

Lieferung	1.	Zorge (3. Ausgabe: Liefg. 282), Benneckenstein (3. Ausgabe: Liefg. 282), Hasselfelde (3. Ausgabe: Liefg. 282), Ellrich, Nordhausen, Stolberg.
„	2.	Buttstedt, Eckartsberga, Roßla, Apolda, Magdala, Jena (1. u. 4. Ausgabe; 5. Ausgabe: Liefg. 285).
„	3.	Worbis, Bleicherode, Hayn, Nieder-Orschel, Groß-Keula, Immenrode.
„	4.	Sömmerda, Cölleda, Stotternheim, Neumark, Erfurt, Weimar.
„	5.	Gröbzig, Zörbig, Petersberg (Halle Nord) (1. u. 2. Ausgabe).
„	6.	Ittersdorf, Bous*, Saarbrücken*, Dudweiler*, Lauterbach, Emmersweiler, Hanweiler (darunter 3 Doppelblätter*).
„	7.	Groß-Hemmersdorf, Saarlouis*, Heusweiler*, Friedrichsthal*, Neunkirchen* (darunter 4 Doppelblätter*).
„	8.	Waldkappel, Eschwege, Sontra, Netra (Herleshausen), Hönebach, Gerstungen (2. Ausgabe Berka).
„	9.	Heringen, Kelbra (1. u. 2. Ausgabe), Sangerhausen, Sondershausen, Frankenhausen (1. u. 2. Ausgabe), Artern, Greußen, Kindelbrück, Schillingstedt.

Lieferung 10. Winchringen, Saarburg, Beuren, Freudenburg, Perl, Merzig.
„ 11. † Linum, Cremmen, Nauen, Marwitz, Markau, Rohrbeck.
„ 12. Naumburg a. S., Stößen, Camburg, Osterfeld, Bürgel, Eisenberg.
„ 13. Langenberg, Großenstein, Gera (1. u. 2. Ausgabe), Ronneburg.
„ 14. † Oranienburg, Hennigsdorf (1. u. 2. Ausgabe), Charlottenburg (früher Spandow) (1. u. 2. Ausgabe).
„ 15. Langenschwalbach (2. Ausgabe: Liefg. 288), Platte (Wehen) (2. Ausgabe: Liefg. 288), Königstein (1. u. 2. Ausgabe), Eltville (2. Ausgabe: Liefg. 288), Wiesbaden (1. u. 2. Ausgabe), Hochheim—Raunheim (1. u. 2. Ausgabe).
„ 16. Harzgerode (2. Ausgabe: Liefg. 282), Pansfelde, Leimbach, Schwenda, Wippra, Mansfeld.
„ 17. Roda, Gangloff, Neustadt a. d. Orla, Triptis, Pörmitz, Zeulenroda.
„ 18. Gerbstädt, Cönnern, Eisleben, Wettin.
„ 19. Riestedt, Erdeborn (Schraplau), Schraplau (Teutschental), Ziegelroda, Querfurt, Schafstädt, Wiehe, Bibra, Freyburg a. d. Unstrut.
„ 20. † Teltow, Tempelhof, Groß-Beeren*, Lichtenrade*, Trebbin, Zossen. (*Mit Bohrkarte und Bohrregister.)
„ 21. Rödelheim, Frankfurt a. M., Schwanheim, Sachsenhausen.
„ 22. † Ketzin, Fahrland, Werder, Potsdam, Beelitz, Wildenbruch.
„ 23. Ermschwerd, Witzenhausen, Groß-Almerode, Allendorf (die beiden letzten mit je 1 Profiltafel und 1 geologischen Kärtchen).
„ 24. Tennstedt, Gebesee, Gräfentonna, Andisleben.
„ 25. Mühlhausen, Körner, Ebeleben.
„ 26. † Cöpenick, Rüdersdorf (1., 2. u. 4. Ausgabe), Königswusterhausen, Alt-Hartmannsdorf, Mittenwalde, Friedersdorf.
„ 27. Gieboldehausen, Lauterberg, Gerode, Duderstadt.
„ 28. Osthausen, Kranichfeld, Blankenhain, Kahla, (2. Ausg.: Liefg. 285), Rudolstadt, Orlamünde.
„ 29. † Wandlitz, Biesenthal, Grünthal, Schönerlinde, Bernau, Werneuchen, Berlin, Friedrichsfelde, Ald-Landsberg. (Sämtlich mit Bohrkarte und Bohrregister.)
„ 30. Eisfeld, Steinheid, Spechtsbrunn, Meeder, Neustadt a. d. H., Sonneberg.
„ 31. Limburg, Eisenbach (nebst 1 Lagerstättenkarte), Feldberg (1. Ausgabe), (2. Ausg., jetzt Oberreifenberg, Liefg. 253), Kettenbach (nebst einem Lagerstättenkärtchen), Idstein.
„ 32. † Calbe a. M., Bismark, Schinne, Gardelegen, Klinke, Lüderitz. (Mit Bohrkarte und Bohrregister.)
„ 33. Schillingen. Hermeskeil, Losheim, Wadern, Wahlen, Lebach.
„ 34. † Lindow, Groß-Mutz, Klein-Mutz, Wustrau, Beetz, Nassenheide. (Mit Bohrkarte und Bohrregister.)
„ 35. † Rhinow, Friesack, Brunne, Rathenow, Haage, Ribbeck, Bamme, Garlitz, Tremmen. (Mit Bohrkarte und Bohrregister.)
„ 36. Hersfeld, Friedewald (1. u. 2. Ausgabe), Vacha (1. u. 2. Ausgabe), Eiterfeld, Geisa, Lengsfeld (1. u. 2. Ausgabe).
„ 37. Altenbreitungen, Wasungen, Oberkatz (nebst 1 Profiltafel), Meiningen, Helmershausen (nebst 1 Profiltafel).
„ 38. † Hindenburg, Sandau, Strodehne, Stendal, Arneburg, Schollene. (Mit Bohrkarte und Bohrregister.)
„ 39. Gotha, Neudietendorf, Ohrdruf, Arnstadt (1. u. 2. Ausgabe).
„ 40. Saalfeld (1. u. 2. Ausgabe), Ziegenrück, Probstzella, Liebengrün.
„ 41. Marienberg, Rennerod, Selters, Westerburg, Mengerskirchen, Montabaur, Girod, Hadamar (nebst 1 Lagerstättenkarte).
„ 42. † Tangermünde (1. u. 2. Ausgabe, diese ohne Bohrkarte und mit neuer Farbenbezeichnung), Jerichow, Vieritz, Schernebeck, Weißewarthe, Genthin, Schlagenthin. (Mit Bohrkarte und Bohrregister).
„ 43. † Mewe, Rehhof, Münsterwalde, Marienwerder. (Mit Bohrkarte und Bohrregister.)

Lieferung 44. Koblenz (2. Ausg.: Liefg. 298), Ems (mit 2 Lichtdrucktafeln), Schaumburg, Dachsenhausen, Rettert.
„ 45. Melsungen, Hess.-Lichtenau, Altmorschen, Seifertshausen, Ludwigseck, Rotenburg.
„ 46. Birkenfeld, Nohfelden, Freisen, Ottweiler, St. Wendel.
„ 47. † Heilsberg, Gallingen, Wernegitten, Siegfriedswalde. (Mit Bohrkarte und Bohrregister.)
„ 48. † Parey, Parchen, Karow, Burg, Theeßen, Ziesar. (Mit Bohrkarte und Bohrregister.)
„ 49. Gelnhausen, Langenselbold, Bieber (hierzu 1 Profiltafel), Lohrhaupten.
„ 50. Bitburg, Landscheid, Welschbillig, Schweich, Trier, Pfalzel.
„ 51. Gemünd-Mettendorf, Oberweis, Wallendorf, Bollendorf.
„ 52. Landsberg b. Halle, Halle a. S. (Süd) (1. u. 2. Ausgabe), Dieskau, Merseburg (West), Merseburg (Ost).
„ 53. † Zehdenick, Groß-Schönebeck, Joachimsthal, Liebenwalde, Ruhlsdorf, Eberswalde. (Mit Bohrkarte und Bohrregister.)
„ 54. † Plaue, Brandenburg, Groß-Kreutz, Groß-Wusterwitz, Göttin, Lehnin, Glienicke, Golzow, Damelang. (Mit Bohrkarte und Bohrregister.)
„ 55. Stadt Ilm, Stadt Remda, Königsee, Schwarzburg (2. Ausg.: Liefg. 301), Groß-Breitenbach, Gräfenthal (2. Ausg.: Liefg. 301).
„ 56. Themar, Rentwertshausen, Dingsleben, Hildburghausen.
„ 57. Weida, Waltersdorf (Langenbernsdorf), Naitschau (Elsterberg), Greiz (Reichenbach).
„ 58. † Fürstenwerder, Dedelow, Boitzenburg, Hindenburg, Templin, Gerswalde, Gollin, Ringenwalde. (Mit Bohrkarte und Bohrregister.)
„ 59. † Groß-Voldekow, Bublitz, Groß-Carzenburg, Gramenz, Wurchow, Kasimirhof, Bärwalde, Persanzig, Neustettin. (Mit Bohrkarte und Bohrregister.)
„ 60. Mendhausen-Römhild, Rodach, Rieth, Heldburg.
„ 61. † Groß-Peisten, Bartenstein, Landskron, Groß-Schwansfeld, Bischofstein. (Mit Bohrkarte und Bohrregister.)
„ 62. Göttingen, Waake, Reinhausen, Gelliehausen.
„ 63. Schönberg, Morscheid, Oberstein, Buhlenberg.
„ 64. Crawinkel-Gräfenroda, Plaue, Suhl, Ilmenau, Schleusingen, Masserberg.
„ 65. † Pestlin, Groß-Rohdau, Groß-Krebs, Riesenburg. (Mit Bohrkarte und Bohrregister.)
„ 66. † Nechlin, Brüssow, Löcknitz, Prenzlau, Wallmow, Hohenholz, Bietikow, Gramzow, Penkun. (Mit Bohrkarte und Bohrregister.)
„ 67. † Kreckow, Stettin (1. u. 2. Ausgabe), Groß-Christinenberg, Colbitzow, Podejuch (1. u. 2. Ausgabe), Altdamm. (Die Blätter 1. Ausgabe mit Bohrkarte und Bohrregister.)
„ 68. † Wilsnack, Glöwen, Demerthin, Werben, Havelberg, Lohm. (Mit Bohrkarte und Bohrregister.)
„ 69. † Wittstock, Wuticke, Kyritz, Tramnitz, Neu-Ruppin, Wusterhausen, Wildberg, Fehrbellin. (Mit Bohrkarte und Bohrregister.)
„ 70. Altenbeken (2. Ausgabe: Liefg. 297), Etteln, Lichtenau (2. Ausgabe: Liefg. 297), Kleinenberg.
„ 71. Gandersheim, Moringen, Westerhof, Nörten, Lindau.
„ 72. Coburg, Öslau, Steinach, Rossach.
„ 73. † Prötzel, Möglin, Strausberg, Müncheberg. (Mit Bohrkarte und Bohrregister).
„ 74. † Kösternitz, Alt-Zowen, Pollnow, Klannin, Kurow, Sydow. (Mit Bohrkarte und Bohrregister.)
„ 75. † Schippenbeil, Dönhoffstädt, Langheim, Lamgarben, Rössel, Heiligelinde. (Mit Bohrkarte und Bohrregister.)
„ 76. † Woldegk, Fahrenholz, Polßen, Passow, Cunow, Greiffenberg, Angermünde, Schwedt. (Mit Bohrkarte und Bohrregister.)
„ 77. Windecken, Hüttengesäß, Hanau-Gr.-Krotzenburg.
„ 78. Dasburg-Neuerburg, Waxweiler, Kilburg.
„ 79. Wittlich, Bernkastel, Sohren, Neumagen, Morbach, Hottenbach.

Lieferung 80. † Groß-Ziethen (1. u. 2. Ausgabe), Stolpe, Zachow, Hohenfinow, Oderberg. (Mit Bohrkarte und Bohrregister.)
„ 81. † Wölsickendorf, Freienwalde, Zehden, Neu-Lewin, Neu-Trebbin, Trebnitz.
„ 82. † Altenhagen, Karwitz, Schlawe, Damerow, Zirchow, Wussow. (Mit Bohrkarte und Bohrregister.)
„ 83. † Lanzig mit Vitte, Saleske, Rügenwalde, Grupenhagen, Peest. (Mit Bohrkarte und Bohrregister.)
„ 84. † Groß-Schöndamerau, Babienten, Ortelsburg, Olschienen, Schwentainen. (Mit Bohrkarte und Bohrregister.)
„ 85. † Niederzehren, Freystadt, Lessen, Schwenten. (Mit Bohrkarte und Bohrregister.)
„ 86. † Neuenburg, Garnsee, Feste Courbière, Roggenhausen. (Mit Bohrkarte und Bohrregister.)
„ 87. † Thomsdorf, Gandenitz, Hammelspring.
„ 88. † Wargowo, Owinsk, Sady, Posen. (Mit Bohrkarte und Bohrregister.)
„ 89. † Greifenhagen, Woltin, Fiddichow, Bahn. (Mit Bohrkarte und Bohrregister.)
„ 90. † Neumark, Schwochow, Uchtdorf, Wildenbruch, Beyersdorf. (Mit Bohrkarte und Bohrregister.)
„ 91. Groß-Freden, Einbeck, Dransfeld, Jühnde.
„ 92. Wilhelmshöhe, Cassel, Besse, Oberkaufungen.
„ 93. † Paulsdorf, Pribbernow, Groß-Stepenitz, Münchendorf, Pölitz, Gollnow. (Mit Bohrkarte und Bohrregister.)
„ 94. † Königsberg i. d. Nm., Schönfließ, Schildberg, Mohrin, Wartenberg, Rosenthal. (Mit Bohrkarte und Bohrregister.)
„ 95. † Bärwalde, Fürstenfelde, Neudamm, Letschin, Quartschen, Tamsel. (Mit Bohrkarte und Bohrregister.)
„ 96. † Gülzow, Schwessow, Plathe, Moratz, Zickerke, Groß-Sabow. (Mit Bohrkarte und Bohrregister.)
„ 97. † Graudenz, Okonin, Linowo, Groß-Plowenz. (Mit Bohrkarte und Bohrregister.)
„ 98. † Groß-Schiemanen, Lipowietz, Liebenberg, Willenberg-Opalenietz, Groß-Leschienen. (Mit Bohrkarte und Bohrregister.)
„ 99. † Obornik, Lukowo, Schocken, Murowana-Goslin, Dombrowka, Gurtschin. (Mit Bohrkarte und Bohrregister.)
„ 100. Seesen, Zellerfeld, Harzburg (1., 2. u. 3. Ausgabe), Osterode, Riefensbeek.
„ 101. Dillenburg, Ober-Scheld, Herborn, Ballersbach.
„ 102. † Lippehne, Schönow, Bernstein, Soldin, Staffelde. (Mit Bohrkarte und Bohrregister.)
„ 103. † Goßlershausen, Briesen, Bahrendorf, Schönsee mit Schewen, Gollub.
„ 104. † Groß-Bartelsdorf, Mensguth, Passenheim, Jedwabno, Malga, Reuschwerder. (Mit Bohrkarte und Bohrregister.)
„ 105. † Rambow, Schnackenburg, Schilde, Perleberg.
„ 106. † Stade, Ütersen, Hagen, Horneburg, Harsefeld.
„ 107. † Oliva, Danzig (1. u. 2. Ausgabe), Weichselmünde mit Neufahrwasser, Nickelswalde, Praust, Trutenau, Käsemark.
„ 108. † Winsen, Artlenburg, Lauenburg a. d. Elbe, Lüneburg (1. u. 2. Ausgabe).
„ 109. † Barten, Drengfurth, Wenden, Rosengarten, Rastenburg, Groß-Stürlack. (Hierzu eine geologische Übersichtskarte des Mauerseegebietes im Maßstabe 1 : 100 000.)
„ 110. † Angerburg, Groß-Steinort, Kutten, Lötzen, Kruglanken, (Hierzu eine geologische Übersichtskarte des Mauerseegebietes im Maßstabe 1 : 100 000.)
„ 111. St. Goarshausen, Algenroth, Caub, Presberg-Rüdesheim.
„ 112. Berlingerode, Heiligenstadt, Dingelstädt, Kella, Lengenfeld.
„ 113. Eisenach, Wutha, Fröttstädt, Salzungen.
„ 114. Lehesten, Lobenstein mit Titschendorf, Hirschberg a. S.
„ 115. Rudolfswaldau, Langenbielau, Wünschelburg, Neurode.
„ 116. Frankenau, Kellerwald, Rosenthal, Gilserberg.
„ 117. † Schüttenwalde, Zalesie, Tuchel, Lindenbusch, Klonowo, Lubiewo.
„ 118. † Massin, Hohenwalde, Vietz, Költschen.

Lieferung 119. † Lychen mit Ahrensberg, Fürstenberg, Himmelpfort, Dannenwalde.
„ 120. † Dritschmin, Heinrichsdorf (Bromke), Schirotzken, Bagniewo.
„ 121. † Seelow (2. Ausgabe: Liefg. 294), Küstrin (2. Ausgabe: Liefg. 294), Lebus (2. Ausgabe: Liefg. 294), Frankfurt a. O. (3. Ausgabe: Liefg. 294).
„ 122. † Sonnenburg, Alt-Limmritz, Groß-Rade, Dorssen, Drenzig, Reppen.
„ 123. † Langenhagen, Kolberg, Gützlaffshagen, Groß-Jestin.
„ 124. † Quaschin, Zuckau, Prangenau, Groß-Paglau.
„ 125. † Warlubien, Schwetz, Sartowitz.
„ 126. † Balow-Grabow, Hülsebeck, Gorlosen, Karstädt, Bäk, Lenzen.
„ 127. Alfeld, Dassel, Lauenberg, Hardegsen.
„ 128. Langula, Langensalza, Henningsleben.
„ 129. Treffurt, Creuzburg i. Th., Berka (Mihla), Schmalkalden.
„ 130. † Kadenberge, Hamelwörden, Lamstedt, Himmelpforten. (Hierzu eine geologische Übersichtskarte des Kehdinger Moores und seiner Umgebung im Maßstabe 1 : 100 000.)
„ 131. Meuselwitz, Windischleuba, Altenburg.
„ 132. † Hesepertwist, Wietmarschen, Lingen.
„ 133. † Sorquitten, Sensburg, Theerwisch, Ribben, Aweyden.
„ 134. † Basenthin, Naugard, Farbezin, Speck, Eichenwalde, Daber.
„ 135. † Rütenbrock, Hebelermeer, Haren, Meppen, Haselünne.
„ 136. † Mieste, Letzlingen, Calvörde, Uthmöden. (Mit Bohrkarte und Bohrregister.)
„ 137. † Görzke, Belzig, Brück, Stackelitz, Klepzig, Niemegk.
„ 138. † Alten-Grabow, Nedlitz, Mühlstedt, Hundeluft, Dessau, Coswig.
„ 139. † Wusterbarth, Groß-Krössin, Polzin, Kollatz.
„ 140. † Ratzeburg (1. u. 2. Ausgabe), Mölln (1. u. 2. Ausgabe), Gudow, Seedorf mit den preußischen Anteilen von Carlow, Groß-Salitz und Zarrentin.
„ 141. Herzogenrath (2. Ausg.: Liefg. 284), Eschweiler (2. Ausg.: Liefg. 284) Düren, Aachen (2. Ausg. Liefg. 284), Stolberg, Lendersdorf.
„ 142. Jülich, Bergheim, Frechen (2. Ausgabe: Liefg. 283), Buir, Kerpen (2. Ausgabe Liefg.: 283), Brühl (2. Ausgabe: Liefg. 283.)
„ 143. Dortmund, Kamen, Witten, Hörde. (Mit Flözkarten.)
„ 144. Vettweiß, Erp, Sechtem, Euskirchen, Rheinbach.
„ 145. Freiburg i. Schles., Waldenburg (1. u. 2. Ausgabe), Friedland, Schömberg.

V. Abteilung. Die Bayrische Rheinpfalz.
Nr. XVIII. Bl. Speyer von **C. W. v. Gümbel** 1897.
Nr. XIX. Bl. Zweibrücken von **L. von Ammon** 1903.
Nr. XX. Bl. Kusel von **L. von Ammon** 1910.

Geologische Karte des Königreichs Bayern. 1 : 25 000. München.
67. Bl. Ebenhausen 1914.
675. Bl. Ampfing 1916.
713. Bl. Baierbrunn 1914.

Bodenkarte Bayerns. 1 : 400 000. von **F. Münichsdorfer.**

Geognostisch-topographische Karte vom Woernitz- und Altmühlthale und deren Umgebungen. Beilage V zu: **Schnitzlein** und **Fricklingen,** Vegetationsverhältnisse der Jura- und Keuperformation in den Flußgebieten der Woernitz und Altmühl. 2. Aufl. Nördlingen.

Geologische Karte des Karwendelgebirges. 1 : 50 000. Herausgegeben vom deutschen und österreichischen Alpenverein. Entworfen von **A. Rothpletz** unter Mitwirkung von **W. Clark, E. Fraas, G. Geyer, O. Jaekel, O. Reis, R. Schäfer.** München 1893.

Sachsen.

Geologische Übersichtskarte des Königsreichs Sachsen von **Herm. Credner.** 1 : 500 000. Leipzig 1910.

Verbreitung der Steinkohlenformation in Sachsen.
Aus: Henry Lange, Atlas von Sachsen, Nr. 5. Leipzig 1860.

Gangkarte über die nächste Umgegend von Schneeberg, entworfen von **H. Müller.** 1 : 12 000.
Aus: Gangstudien, Bd. III, Tf. 2. Freiberg i. Sa.

Kohlen-Karte, auf welcher die Verbreitungsgebiete der Kohlenformationen im Königreich Sachsen dargestellt sind, herausgegeben von **B. Cotta.** Dazu ein Heft Erläuterungen. Freiberg 1856.

Wagner, Paul Die Geologische Übersichtskarte des Königreichs Sachsen. Aus: Mitt. Ver. f. Erdkde. zu Dresden. Dresden 1908.

Sächsisches Geologisches Landesamt. Leipzig.
Geologische Karte von Sachsen im Maßstab 1 : 25 000. Mit Erläuterungen. Z. T. in 1. — 3. Aufl.

Sheet 84. Sections of Shafts below the Pennant Grit in the Rhondda Fawr and in the Upper Measures at Llantiwt. 2. edit. 1928.
Sheet 91. Sections of Borings and Shafts in the Northern Part of the Concealed Coalfield of Yorkshire and Nottinghamshire. 1925.
Sheet 92. Sections of Borings and Shafts in the Concealed Coalfield of Nottinghamshire. 1925.

Scotland. Edinburg.

Quarter-inch Map. 4 miles = 1 inch. 1 : 253 440.
Sheet 9. Banffshire, Eastern Elginshire, Northern and Central Aberdeenshire, and parts of East Inverness-shire and North Kincardineshire. 2. edit. 1926.
One-inch Map. 1 mile = 1 inch. 1 : 63 360. 1924—28.
4. Wigtownshire (E. part), and Kirkcudbrightshire (S. W. part), Wigtown, Creetown, Newton Stewart, Glenluce.
5. Kirkcudbrightshire (S. part), Kirkcudbright, Castle Douglas, Dalbeattie, Criffell.
7. Ayrshire (S. W. part), Girvan, Colmonell, Ballantrae, Glen App.
8. Kirkcudbrightshire (N. W. part), Ayrshire (S. E. part), and Wigtownshire (N. part), Barr, Loch Doon (S. half of), Carsphairn, Barrhill, Loch Ochiltree, Loch Dee.
16. Dumfriesshire (N. E. part), Selkirkshire (S. part), Pebblesshire (S. part), Lanarkshire (S. E. part), Roxburghshire (S. W. part), Tweedsmuir, Moffat, source of R. Teviot.
19. Argyllshire (S. half of Islay), Port Charlotte, Bowmore, Port Ellen.
22. Ayrshire (N. Part), Renfrewshire (S. part), Lanarkshire (W. margin), Kilmarnock, Troon, Irvine, Dalry, Beith.
23. Lanarkshire (Central part), Ayrshire (W. part), Wishaw, Carluke, Lanark, Douglas.
27. Argyllshire, N. half of Islay, Oronsay, S. W. Jura, Kilchoman, Bridgend, Portaskaig, Rhuvaal Lighthouse.
32. Edinburghshire, Linlithgowshire (E. half), and portions of the Counties of Fife, Haddington and Peebles; Edinburgh, Musselburgh, Borthwick, Penicuik, Cobbinshaw, Mid Calder, Queensferry, Inverkeithing.
42. and 50. Arggyllshire, Island of Tiree.
43. Argyllshire, Staffa, Jona and Western Mull.
45. Argyllshire (Central), Oban, Dalmally, Loch Awe, and Loch Etive.
51. Argyllshire, Island of Coll, N. W. Mull and W. Ardnamurchan.
55. Perthshire (N. part), Kinloch-Rannoch, Kenmore, Aberfeldy, Pitlochry, Blair Athole, Ben Vuroch, Dalnaspidal.
67. Kincardineshire (E. part), Stonehaven, Inverbervie, Portlethen.
102. Sutherlandshire (S. part), Ross-shire (N. part), Lairg, Strath Oykell, Lower Loch Shin.
103. Sutherlandshire (E. part), Helmsdale, Golspie, Dornoch, Rogart.
Vertical sections. 1925—28.
8. Illustrative of the Ayrshire Coalfields (Areas I and II), Kilmarnock, Stevenston, and Kilbirnie District.
9. Illustrative of the Central Coalfield. Coal Measures showing strata above Splint Coal in Areas V and VII. Rutherglen, Motherwell and Coatbridge Districts.
10. Illustrative of the Central Coalfield. Coal Measures in Areas IX, VI, and south part of VII. Hamilton, Dalserf, Wishaw, Shotts, Fauldhouse and Armadale Districts.
11. Illustrative of the Central Coalfield. Coal Measures showing strata mainly below Splint Coal in Area V. Shettleston, Coatbridge and Airdrie Districts.
12. Illustrative of the Central Coalfield. Coal Measures showing strata below Splint Coal in Area VII. Rutherglen, Motherwell and Holytown Districts.
13. Illustrative of the Central Coalfield. Millstone Grit und Upper Limestone Group, along south and east borders. Areas IV, IX, VI and II.
14. Illustrative of the Central Coalfield. Limestone Coal Group, Lower Limestone Group, and part of Calciferous Sandstone Series in Areas IV and VIII. Paisley, Giffnock and East Kilbride.

15. Illustrative of the Central Coalfield. Limestone Coal Group, Lower Limestone Group, and part of Calciferous Sandstone Series, along south and east borders. Areas IX, VI and II.

State of Oklahoma. 1 : 500 000. Compiled by **Hugh D. Miser.** 1926.
State of New Mexico. 1 : 500 000. Prepared by **N. H. Darton.** 1928.
Topographic map of the Island of Kauai, Kauai County, Hawaii. 1 : 62 500. 1912.
United States. Übersichtsblatt. 1906.
Lettering and conventional signs. 1 : 62 500. 1898.
Conventional signs adopted by the U. S. geographic board. 1911.
Claim map. California, Mother lode district. 1 : 63 360. 1899.
Topographic map. Colorado (Lake county), Leadville mining district. 1 : 9600. 1910. 2. edit. 1913
Topographic sheets. Tintic Mining district, Utah. 1 : 9600. 1898. 2. edit. 1913.
Distribution of the magnetic declination in the United States in 1900 compiled by **Henry Gannett.**
Coal fields of the United States by **Marius R. Campbell.** 1908.
Tonopah mining map, Nevada. 1 : 12 000. 1904.
Idaho Springs, Colorado, special map. 1 : 12 000. 1906.
Fort Bayard, New Mexico. 1910.
Miami Copper Belt, Arizona. 1 : 12 000. 1912.
Ray and vicinity, Arizona. 1 : 12 000. 1912.
Topographical sheets.
1 : 15 000; 1 : 31 680; 1 : 48 000; 1 : 62 500; 1 : 125 000; 1 : 250 000.
Topographic map of the United States of America. 1 : 2 500 000. 3 Blätter. 1898. New edition. 1910.
Relief map of the United States of America. 1 : 7 000 000. 1910.
Indian Territory topographic map. 1 : 500 000. 1902.
United States map. 1 : 700 000. 1899 u. 1911.
Base map. Contour map. Relief map.
Topographical special maps, verschiedenen Maßstabs.
Topographic map of the Yosemite National Park, California. 1 : 125 000. 1920.
Topographic map of Alaska. 1 : 5 000 000. 1909.
North America 1 : 1 000 000. Bl. Boston — North, K. 19. 1912.

Maryland.

Geological Survey.

Physical Atlas of Maryland. Allgany county. 1900.
Topography and election districts. Geology and soils.

Michigan.

Geological map of the Lake Superior Land district in the State of Michigan.
Section and diagram illustrating the geology of the region between the northern shores of Lakes Superior and Michigan.
Geological map of Keweenaw Point, Lake Superior, Michigan.
Geological map of the Trap Range of Keeweenaw Point, Lake Superior. Philadelphia.

New Jersey.

Geological Survey of the State of New Jersey.

Map of the azoic and paleozoic formations.
Map of the triassic formation.
Map of the cretaceous formation.
Tertiary and recent formations.
Map of a group of iron mines in Morris county.
Map of the Ringwood iron mines.
Map of the Oxford furnace iron ore veins.
Map of the zinc mines of Sussex county.

Geological Survey of New Jersey. Atlas.

Sheets No. 1. Kittatinny
2. Southwestern Highlands
3. Central Highlands
4. Northeastern Highlands
5. Southwestern Red Sandstone
6. Central Red Sandstone
7. Northeastern Red Sandstone
8. Trenton
9. Monmouth shore
10. Lower Delaware
11. Camden
12. Mount Holly
13. Barnegat
14. Delaware Bay
15. Southern Interior
16. Egg Harbor
17. Cape May

1—17. 1 mile = 1 inch. 1884—87.

18. State maps 19. Relief map 20. Geological map

18—20. 5 miles = inch. 1888—89.

Geological map of New Jersey. 6 miles = 1 inch. 1882.
Northern New Jersey, showing the iron-ore and limestone districts by **George H. Cook** and **John S. Smock.** 1 : 31 680. 1874.
A topographical map of a part of Northern New Jersey. 1 mile = 1 inch. 1882.
Map of the extinct Lake Passaic, showing its outline, the position of the present shore features and the deformation wich its shores have suffered. 1 mile = 1 inch. 1893.
Map showing the distribution of intra-morainic and extra-morainic glacial drift. 5 miles = 1 inch. 1893.
Relief map of New Jersey. 1896.
Forests of Northern New Jersey. 1 mile = 1 inch. 6 Blätter. 1900.
New Jersey, showing forest area and its relation to the principal watersheds. 5 miles = 1 inch. 1900.

New Mexico.

Geological map of New Mexico by **Jules Marcou.** 1 : 900 000. 1857.

New York.

Geological Survey of the State of New York.
Preliminary geologic map of New York. Exhibiting the structure of the State so far as known. Prepared under the direction of **James Hall** by **W. J. McGee.** 1 : 316 800. 6 Blätter. 1894.

Ohio.

A Geologic map of Ohio. 1 : 500 000. 1909.
Geologic map of Ohio. 1 : 500 000. 1920.

Ontario.

Map of cobalt-nickel-arsenic-silver area near Lake Temiskaming, Ont., to accompany 4th edition of Report by **W. G. Miller** in Part II of the 19. Report of the bureau of mines. 1 mile = 1 inch. 1910.

Pennsylvania.

Second geological survey of Pensylvania. Harrisburg.
Grand Atlas. Division I. County geological maps. Part I. 56 county maps in 49 sheets. 1885.
Division II. Anthracite coal fields. Part I. 26 sheets relating to the eastern ends of the western, middle, and southern fields in Carbon, Schuylkill, Columbia, and Northumberland counties. 1884.
Part II. 22 sheets relating to portions of the northern and eastern middle fields in Luzerne county.
Division III. Petroleum and bituminous coal fields. Part I. 32 sheets relating to portions of the petroleum and bituminous coal fields and 3 sheets relating to the quaternary period. 1885.
Division IV. South Mountain and Great Valley topographical maps. Part I. 30 sheets relating to the Durham and Reading Hills and bordering valleys in Northampton, Lehigh, Bucks and Berks counties, and 13 sheets relating to the South Mountains in Adams, Franklin, Cumberland and York counties. 1885.
Division V. Central and South-eastern Pennsylvania.
Part I. Contains 35 sheets. 29 sheets relate to the topography and geology of the palaeozoic Strata in parts of Cambria, Blair, Bedford, Huntingdon, Mifflin, Centre and Union Counties. 5 sheets contain a map and Geological Cross-Section along the east bank of the Susquehanna River, Lancaster County. 1 sheet contains Cross-sections of the Philadelphia Belt of azoic rocks. 1885.

Sections of the Anthracite Mammoth veins in the Shenandoah Basin.
Geological map of Westmoreland County. 1878. 2 miles = 1 inch.
Geological map of Washington County with depth of the Pittsburgh and Waynesburg Coal at various localities. 1878.
Geological map of Fayette County. 1878. 2 miles = 1 inch.
Geological map of Greene County with depth of the Pittsburgh and Waynesburg coal at various localities. 1878. 2 miles = 1 inch.
A map of Clearfield County with part of Centre County from County maps, showing the anticlinal axes which separate the first, second and third bituminous coal basins. 1874.
A geological and topographical map of the New Boston and Morca coal lands in Schuylkill County, Penn. by **B. Smith Lyman.** 1 : 4 800. 1889.
Pennsylvania Geological Survey. Harrisburg. 1928.
Topographic and geologic atlas of Pennsylvania.
5. New Castle Quadrangle.
27. Pittsburgh Quadrangle.
37. Greensburg Quadrangle.
65. Punxsutawney Quadrangle.
178. New Holland Quadrangle.
206. Allentown Quadrangle.

Texas.

The University of Texas Mineral Survey.
Topographic special map. 1 : 50 000. 1902.

Wisconsin.

A Geological map of Wisconsin by **J. A. Lapham.** New York 1855.

Geological Survey of Wisconsin.
Atlas of the Geological Survey of Wisconsin.

1. General geological map of Wisconsin.
2. General map of Quaternary formations.
3a. General map of native vegetation.
2b. General map of soils.
2c. Map of rainfall and temperature.
3. Maps of subsoils and native vegetation of Eastern Wisconsin.
4. Maps of topography and quaternary formations of Eastern Wisconsin.
5—9. Geological and topographical maps of the Lead region.
10. Area A. — Geological map of Kenosha, Racine, Milwaukee, Waukesha, Walworth, Jefferson and parts of other Counties.
11. Area B. — Fond du Lac, Sheboyan, Manitowoc, Calumet, Winnebago and parts of other Counties.
12. Area C. — Door and parts of other Counties.
13. Area D. — Green and parts of other Counties.
14. Area E. Adams, Waushara, Marquette, Columbia Green Lake and parts of other Counties.
15. Area F. — Wood and parts of other Counties.
16. Area G. — Grant and parts of other Counties.
17. Area H. — Monroe, Vernon, and parts of other Counties.
18. Area I. — Pierce, Pepin, Dunn, Buffalo, and parts of other Counties.
19. Area J. — Polk, Barron, and parts of other Counties.
20. Area K. — Douglas, and parts of other Counties.
21. Area L. — Parts of Ashland, Bayfield and Lincoln Counties.
22. Geological map and sections of the region drained by the Bad and Montreal Rivers.
23. Map and sections of Huronian or iron-bearing series at Penokee Gap.
24.—26. Maps of the Huronian or iron-bearing series in Ashland and Lincoln Counties.
27. Map of Penokee iron range West of the Gap.
28. Map of Menominee iron region.
29. Geological sketch of Menominee iron region showing distribution of folds.
30. Map of Menominee iron region and adjacent territory.
31. General map of ore-bearing crevices of the Lead region.
32. Map of ore-bearing crevices of Mineral Point, Dodgeville, Linden, Mifflin, Highland, Centerville, and Wingville.
33. Map of ore-bearing crevices of Platteville, Whig, Big Patch and Elk Grove.
34. Map of ore-bearing crevices of Potosi and vicinity.
35. Map of ore-bearing crevices of Fairplay, Menomonee and Beetown.
36. Map of ore-bearing crevices of Benton and New Diggings.
37. Map of ore-bearing crevices of Wiota, Porters Grove, Pigeon, and Shullsburg.
38. Map of ore-bearing crevices and topography of Shullsburg.
39. Map of ore-bearing crevices and topography of Hazel Green.
40. Map of ore-bearing crevices and topography of Muscalunge.
41. u. 42. Triangulation maps of the U. S. Geodetic Survey.

Mexico.

Bosquejo de una carta geologica de la Republica Mexicana. 1 : 3 000 000. 1889.
Mapa de los distritos minerales de San Antonio, El Triunfo, Las Cacachilas y Isla de Carmen. Baja California. 1609 meters to a mile.

Süd-Amerika.

Mappa geologico d'America do Sul von **F. Foetterle.** 1 : 15 000 000. Wien 1855.
Südamerika von **Th. Arldt.** 1 : 17 400 000.
Karte der Minerallagerstätten von Südamerika. 1 : 3 750 000 von **Rich. Stappenbeck.** Berlin 1926.

Argentinien.

Plano general de los districtos mineros existentes en los territorios nacionales. 1 : 2 500 000. 1906.
Informe sobre los yacimientos de Boratos en Jujuy y en el Territorio de los Andes.
Salar 1. Hombre Muerto; 2. Diabillos; 3. Ratones; 4. Patos Grandes. 1 : 1 00 000.
Mapa geológico del Nevado de Famatina von **W. Bodenbender.** 1 : 150 000. 1913.

Ecuador.

Carta geográfica del Ecuador por **Teodoro Wolf.** 1 : 445 000. 1892. 6 Blätter.

Australien.

Geological Survey of Victoria. Melbourne.
Geological map of Victoria. 8 miles to 1 inch. 1902.
Geological map of Victoria. 16 miles to 1 inch showing the areas over which auriferous reefs outcrop at the surface by **E. J. Dunn.** 1912.
Geological and topographical plans. 40 chains to 1 inch.
Children Goldfield. Murmungee. Wagra. 1913—14.
Counties of Gladstone and Talbot. No. 42b.
County of Rodney. 1 : 31 680. 1903.

Department of mines and agriculture, New South Wales. Sydney.
Geological map of New South Wales. 1893. 2 Blätter.
Geological maps and sections of the coal measures in the Hunter River district by **T. W. Edgeworth David.**
a) Geological map of the Hunter River coalfield from Newcastle to Singleton. 3 Bl. 1 mile to 1 inch.
b) Geological map of part of the Maitland coalfield, Counties of Northumberland and Durham. 2 Bl. 20 chains: 1 inch. 1902.
Mineral map and general statistics of New South Wales, Australia. 1876.
Geological map of Little Forest and Conjola. 1903.
Geological map of the Gerringong district. Mit 1 Blatt Profile. 1905.

New Zealand.

Map of the province of Canterbury, New Zealand, shewing the Pasturage runs. 1863.

Queensland.

Geological sketch map of the district between Charters Towers goldfield and the coast, by **Robert L. Jack.** Brisbane 1878.
Map No. 1 and 2 Herberton and Western Districts to accompany Report on the tin mines of Herberton Western and Thompson's Creek Districts and the silver mines of the Dry River, Queensland — 8 and 10 chains to 1 inch — by **Robert L. Jack.** Townsville 1883.

Western Australia. Perth.

Topographical map of Meekatharra by **W. B. Talbot.** 1911.

XI. Glazialgeologie.

Allgemeines.

The Glacialist's Magazine. A monthly Magazine of glacial Geology. I. 1. 2. **London 1893.**

Zeitschriften. Gesamt-Zeitschriften-Verzeichnis herausgegeben vom Auskunftsbüro der deutschen Bibliotheken. Berlin 1914.

Versammlungen und Kongresse.

Barrois, Ch. Discours du Président à la séance extraordinaire du 22 juin 1879 à Lens.
Aus: Ann. Soc. géol. du Nord VI. Lille 1879.

Beck, R., H. Credner, C. Gäbert, I. E. Hibsch, E. Kalkowsky Exkursionspläne für die 53. allgemeine Versammlung der Deutschen Geologischen Gesellschaft in Dresden. Berlin 1908.

Clerici, Enrico Sopra una sezione geologica presso Roma.
Aus: Boll. Soc. geol. Ital. VII. Rom 1888.

Clerici, E., e S. Squinabol Escursioni ed adunanze della sezione paletnologica al congresso geologico di Savona.
Ebendaraus: VI. Rom 1888.

Delesse, A. Compte rendu de la réunion extraordinaire de la Société géologique de France à Epinal (Vosges) du 10 au 23 septembre 1847. Paris 1847.

Delgado, Joaquim Filippe Nery Relatorio àcera da decima sessão do Congresso internacional de Anthropologia e Archeologia prehistoricas. Lissabon 1890.

Dewalque, G. Compte rendu de la réunion extraordinaire de 1874 tenue à Marche du 4 au 6 Octobre.
Aus: Ann. Soc. géol. de Belg. I. Bull. Liége 1874.

— Compte-rendu d'une excursion.
Ebendaraus: VII. Bull. Liége 1880.

— Sur la session du Congrès géologique international à Bologne.
Ebendaraus: IX. Bull. Liége 1882.

— Compte rendu de la session extraordinaire de la société géologique de Belqique à Spa en 1886. Liége 1888.

Emmons, Samuel Franklin The geology of government explorations. Presidential address.
Aus: Science (N. S.) V. Washington 1897.

Faura i Sans, M., Jaume Marcet i Josep Franch Catàleg de l'Exposició de Mapas de Catalunya celebrada del 24 de gener al 15 de febrer de 1919.
Aus: Bulletí del Centre Excursionista de Catalunya. Barcelona 1919.

Favre, Alph. Notice sur la réunion extraordinaire de la société géologique de France à Saint-Jean-de-Maurienne (Savoie), le 1er septembre 1861.
Aus: Arch. sci. bibl. univ. Genève 1861.

Fliegel, G. Tagungen zur Pflege der angewandten Geologie.
Aus: Z. D. G. G. 80. Berlin 1928.

Forir, H. Compte rendu de la session extraordinaire de la société géologique de Belgique tenue à Huy du 2 au 5 octobre 1897.
Aus: Ann. soc. géol. de Belg. XXIV. Bull. Liége 1899.

— Compte rendu de la session extraordinaire de la société géologique de Belgique tenue à Beauraing et à Gedinne, du 17 au 20 septembre 1898.
Ebendaraus: XXV. Mém. Liége 1899.

Forir, H., et M. Lohest Compte rendu de la session extraordinaire de la société géologique de Belgique et de la société royale malacologique de Belgique tenue à Liége et à Bruxelles du 5 au 8 septembre 1896. Premières journées.
Aus: Ann. soc. géol. de Belg. XXIII. Bull. Liége 1897.

Forir, H., G. Soreil et M. Lohest Compte-rendu de la session extraordinaire de la société géologique de Belgique tenue à Hastrière, à Beauraing et à Houyet, le 31 août et les 1er, 2 et 3 septembre 1895.
Ebendaraus: XXVI. Liége 1900.

Freudenberg, W. Exkursion auf den Katzenbuckel.
Aus: 42. Ber. Vers. Oberrh. G. Ver. Karlsruhe 1909.

Fulda, E. Tagesexkursionen nach dem Kalibergwerk Sachsen-Weimar bei Unterbreizbach.
Aus: Beitr. z. Geol. v. Thüringen. H. 6. Jena 1928.

Fürnrohr Die XXVI. Versammlung deutscher Naturforscher und Ärzte zu Regensburg, im allgemeinen geschildert von derem ersten Geschäftsführer. Regensburg 1848.

Haarmann, E. Exkursionen nach dem Hüggel und dem Piesberg bei Osnabrück am 16. u. 17. April 1909.
Aus: 2. Jahresb. Nieders. Geol. Ver. Hannover 1909.

Haast, Julius Address, delivered at the dinner of the Philosophical Institute of Canterbury. Canterbury, New Zealand.

Häberle, D. Bericht über die 46. Tagung des Oberrheinischen Geologischen Vereins zu Frankfurt a. M. vom 25. bis 29. März 1913.
Aus: Jahresber. Oberrhein. Geol. Ver. (N. F.) III. Stuttgart 1913.

— Eine geologische Studienreise durch die Südpfalz am 12. u. 13. Juli 1913.
Aus: Touristen-Zeitschr. „Der Pfälzerwald" XV. Zweibrücken 1914.

— Die Exkursion des Geographischen Seminars der Universität Heidelberg in die Westpfalz am 16. und 17. Mai 1914. (Lauterer Senke, Westpfälzische Moorniederung, Sickinger Höhe, Klosterruine Wörschweiler).
Aus: Der Pfälzerwald 1915 u. 1916. Zweibrücken 1916.

Häberle, D., und W. Salomon Bericht über die Tagung in Schramberg.
Aus: Jahresber. Oberrh. Geol. Ver. (N. F.) I. Stuttgart 1911.

Häberle, D., und W. Salomon Bericht über die 45. Tagung des Oberrheinischen Geologischen Vereins zu Rheinfelden, vom 9. bis 13. April 1912.
Ebendaraus: (N. F.) II. Stuttgart 1912.

Hamilton, William John Address delivered at the anniversary meeting of the geological society of London on the 16th of february, 1855. London 1855.

Harbort, E. Exkursion zum Dorm bei Königslutter am 31. Oktober 1909.
Aus: 3. Jahresb. Niedersächs. Geol. Ver. Hannover 1910.

Hatch, F. H. Presidential address, delivered to the Geological Society of South Africa, at the annual meeting, on the 29th January 1906.
Aus: Proceed. Geol. Soc. S. Africa, Johannesburg 1906.

Horner, Leonard Address delivered at the anniversary meeting of the Geological Society of London on the 15th of February 1861.
Aus: Proceed. Geol. Soc. London 1861.

Huber, Daniel Eröffnungs-Rede der siebenten Jahres-Versammlung der allgemeinen schweizerischen Gesellschaft für gesammte Naturwissenschaften gehalten in Basel den 23. Heumonats 1821. Basel 1821.

Hyrtl Abschiedswort an die in Wien versammelten Naturforscher und Ärzte im Jahre 1856. Wien 1856.

Jentzsch, A., und H. Conwentz Wissenschaftlicher Ausflug. Ost- und West-Preußen. 22.—27. September 1899.
Aus: Verh. VII. Internat. Geogr. Kongr. in Berlin 1899. Berlin 1900.

Klein, W.-C. Compte rendu de l'excursion de la Société géologique de Belgique à Maestricht et à Geulem, le 11 juin 1911.
Aus: Ann. Soc. géol. Belgique, 38. Bull. Liége 1911.

— Visite du compartiment géologique de la section hollandaise de l'Exposition, sous la conduite de M. W. Klein, géologue de l'État hollandais.
Aus: Bull. Soc. belge de géol. XXV. 1911. Mém. Bruxelles 1912.

— Compte rendu de la session extraordinaire de la société géologique de Belgique et de la société belge de Géologie, de Paléontologie et d'Hydrologie dans le Limbourg hollandais tenue à Maestricht et à Heerlen du 14 au 17 september 1912.
Aus: Ann. Soc. géol. de Belgique XXXIX. Bull. Liége 1913.

Krusch, P., G. Fliegel und W. Wolff Der Internationale Geologenkongreß Madrid 1926.
Aus: Z. Berg-, Hütt.- u. Salinenwes. im Pr. Staate. Berlin 1926.

Krusch, Link, Bärtling, Fliegel, Kukuk u. Mintrop Führer zu den Exkursionen der Abteilung für praktische Geologie. Internationaler Kongreß zu Düsseldorf. Essen-Ruhr 1910.

Krusch, P., mit Beiträgen von **W. Schriel u. H. Reich** Der 15. Internationale Geologenkongreß in Pretoria (Südafrika).
Aus: Z. f. d. Berg-, Hütten- u. Salinenwesen. Berlin 1929.

Kukuk, P. Kongreß zur Klärung der stratigraphischen Verhältnisse des Karbons in den europäischen Steinkohlenbezirken.
Aus: Glückauf. Essen 1927.

Lyell, Sir Charles Address delivered at the anniversary meeting of the geological society of London. London 1851.

de Mercey, N. Compte-rendu de la course de la société géologique de France à Maignelay, le samedi, 7 septembre 1878.
Aus: Bull. soc. géol. France (3) VI. Paris 1880.

Beiträge zur Förderung der Kunst in den Gewerken. I, 8. 1867.

Petroleum. Zeitschrift für die gesamten Interessen der Erdöl-Industrie und des Mineralöl-Handels. Berlin u. Wien.

XXIV und XXV. 1928—29.

Annales des Mines. Paris.

(4) 13—20; (5) 1—20; (6) 1—20; (7) 1—20; (8)1—20; (9) 1—20; (10) 1—20; (11) I—III, IV, 7—12, V, 1—7. 1848—1914.

Inhaltsverzeichnis der Serien 4, 7—10.

Partie administrative (5) 1—10; (6) 1—4, 9; (7) 6—10; (9) 1—7, 9; (10) 1—10. 1852—1910.

The Mining and Smelting Magazine. London.

V—VII (Nr. 26—37). 1864—65.

American Institute of Mining Engineers. Philadelphia.

Transactions. I. 1871—73.

Bulletin. 78. 1913.

Barnes, Phineas The present technical condition of the steel industry of the United States.
In: Bull. U.S. Geol. Surv. 25. Washington 1885.

Bayly, P. G. W. Briquetting Powlett Slack Coal, with Locomotive and Boiler Tests.
In: Bull. Geolog. Surv. Victoria 31. Melbourne 1913.

Belden, A. W., G. R. Delamater, and J. W. Groves Washing and coking tests of coal at the fuel-testing plant, Denver, Colo., July 1, 1907, to June 30, 1908.
Ebendarin: 368. Washington 1909.

Bischof Mägdesprunger Hochofenprodukte. (Eine Notiz für Geognosten und Hüttenleute). Quedlinburg 1853.

Borrmann, R. Die Bauschule von Berlin. Rede zur Feier des Geburtstags S. M. des Kaisers in der Kgl. Techn. Hochschule zu Berlin. Berlin 1909.

— Festrede zur Feier des 25jährigen Regierungsjubiläums S. M. des Kaisers und Königs Wilhelm II. am 16. Juni 1913 in der Kgl. Techn. Hochschule zu Berlin.
Berlin 1913.

Branco, W. Das Salzlager bei Kochendorf am Kocher und die Frage seiner Bedrohung durch Wasser. Mit einer Antwort an die Herren Endriß, Lueger und Miller.
Aus: Jahresh. Ver. Vaterl. Naturkd. Württ. 55. Stuttgart 1899.

Bühler, I. G., und V. Skock Technische Angaben über einige Bohrungen, welche in der Nähe der Stadt Solikamsk bei Aufschlußarbeiten auf Kali-Salze niedergebracht wurden.
In: Materiaux concernant l'étude de la région salifère de la Kama. IV. Comité géol. Matér. pour la géol. génér. et appl. 107. Leningrad 1928.

Bull, J. Elektrisk Metalsmeltning.
In: Norges Geol. Undersök. 104. Kristiania 1922.

— Kort oversigt over Kobberets Indflydelse paa Jern og Staal.
Ebendarin: 117. Kristiania 1923.

— Prøver med en Haerdeovn for Kulstofstaal.
Ebendarin: 118. Kristiania 1923.

von Carnall, R. Die Bergwerks-Verhältnisse in dem Preußischen Staate.
Aus: Archiv f. Landeskde. d. Preuß. Monarchie I. Berlin 1856.

Chamberlin, R. T. Notes on explosive mine gases and dusts, with special reference to explosions in the Monongah, Darr, and Naomi coal mines.
In: Bull. U. S. Geol. Surv. 383. Washington 1909.

Crowell, H. C., und G. C. D. Lenth An investigation of the doble needle regulating nozzle. San Francisco 1903.

Deutsche Erdöl-Aktiengesellschaft. Denkschrift zum 25jährigen Bestehen der Deutschen Erdöl-Aktiengesellschaft Berlin 1899 bis 1924. Berlin 1924.

Eisemann, Fritz. Kalklöschen. Berlin 1925.

Fernald, R. H. Recent development of the producer-gas power plant in the United States.
In: Bull. U. S. Geol. Surv. 416. Washington 1909.

Fernald, R. H., C. D. Smith, J. K. Clement, and H. A. Grine Incidental problems in gas-producer tests.
Ebendarin: 393. Washington 1909.

Fersman, A. Recent problems in working coloured and precious stones.
In: Transact. Inst. Econ. Min. 10. Moskau 1924.

Fuller, M. L., E. F. Lines, and A. C. Veatch Record of deep-well drilling for 1904.
Ebendarin: 264. Washington 1905.

Gilbert, Chester G. Sources of nitrogen compounds in the United States.
Washington 1916.

Gilbert, G. K. Hydraulic-mining débris in the Sierra Nevada.
In: Prof. Pap. U. S. Geol. Surv. 105. Washington 1917.

Gilpin, J. E., and M. P. Cram The fractionation of crude petroleum by capillary diffusion.
In: Bull. U. S. Geol. Surv. 365. Washington 1908.

Ginsberg, A. S., Chr. S. Nikogosian, and A. W. Chitaew On Alteration of Kaolinite by the Heating Process.
In: Transact. Inst. Econ. Min. 22. Moskau 1926.

Goss, W. F. M. The utilization of fuel in locomotive practice.
Ebendarin: 402. Washington 1909.

Grube Ilse Festschrift zur Feier des 25jährigen Bestehens der Ilse Bergbau-Aktien-Gesellschaft. Grube Ilse (N. L.) 1913.

Hahn, H. C. Naturwissenschaftliche Notizen.
Aus: Berg- und Hüttenm. Zeitung. XXIX. Leipzig 1870.

Haehnel, Otto Gesammelte Abhandlungen über die Korrosion von Kabeln und Leitungen. Berlin 1928.

Hall, Clarence, and W. O. Snelling Coal-mine accidents: their causes and prevention; a preliminary statistical report, with introduction by **J. A. Holmes.**
In: Bull. U. S. Geol. Surv. 333. Washington 1907.

Harper, L. F. The Coke Industry of New South Wales. Descriptive Notes.
In: N. S. Wales Geol. Surv. Mineral Resources 23. Sydney 1916.
