TABLE III.

The table shows the results of the experiments conducted during the year 1910. It is divided into two parts, the first showing the results of the experiments conducted during the first half of the year, and the second showing the results of the experiments conducted during the second half of the year. The results are given in the following order: first, the results of the experiments conducted during the first half of the year, and then the results of the experiments conducted during the second half of the year. The results are given in the following order: first, the results of the experiments conducted during the first half of the year, and then the results of the experiments conducted during the second half of the year.
